

Reg. A.C.C./2022-2023**Date: / /****Dr. Dilip P. Garud**
(M. Sc. Ph.D.)
Principal**2.5.1: Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient**

The assessment of our college is quite transparent and flexible. Since our college is an affiliated college, it rightly follows the Academic Calendar prepared by the affiliated University and our college prepares an individual Academic Calendar based on the Academic Calendar given by the University. All the prescribed rules and regulations have been prescribed by the University and all affiliated colleges follow the same in terms of Examinations, Practical, Internals, Assessment, etc. The Principal of the College leads and organises one Orientation Session for all the newly admitted students and share all the requisite details regarding internal/ external assessment is transparent and the grievance redressal system.

The college has Examination Committee and a department level internal Examination Committee. It works under the supervision of the Head of the College, Principal. The College Examination Committee takes the overall responsibility of conducting the end semester examination and the evaluation process of answer sheets and preparing the results. It looks after all the procedure right from Announcement of the Examinations to the declaration of the result. Every department has an internal exam committee responsible for the preparation of Timetable, setting of the question paper, declaration of the results of internal tests, etc.

After evaluation of internal tests, the answer sheets are given to the students for any grievances occurred. The grievances of the students are considered and looked into the same at the department level and Examination Committee helps to the needy ones in this regard. The average of the two internal tests is considered for the internal assessment. The main reforms initiated by the exam cell committee are the timely declaration of the results and the moderation of the question papers. For the continuous evaluation process, internal tests, assignments, quiz, presentations, lab work, seminars etc are taken into consideration. Term work marks are given to the student depending on the continuous performance in the internal assessment. The set of instructions of rules for each practical and tutorial are based on the parameters: performance, lab ethics, self-learning initiative, conceptual understanding, punctuality and attendance.
