7.3.1: Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words

Vision:

To mould students from rural arena into well-meaning citizens of the nation and empower them significantly to contribute for the Nation's development through a socially committed, scientifically, intellectually and technically sound, culture and future oriented paradigm of learning.

Mission:

To aspire and strive for excellence in educational arena by improving and motivating the students and to make them realize their potential for achieving the goals sincerely and inculcating moral values among them to be the successful and responsible citizen of the nation.

The Vision, Mission and Objectives of the institution clearly points towards a value based education based on the curriculum of the affiliating university combining it with the core values. Our college runs under the aegis of "Shramajivi Shikshan Prasarak Mandal". The college has completed its 30 years of existence and has a strong bonding with the local students studying in this college. This includes a number of minorities and marginalized section students.

The vision of the institution is the idea to educate and empower people through inspiring them to reach the level of perfection. The institution has tried to support the learners by identifying the capabilities of different individuals and guiding them to achieve

excellence. The students enrich from the contact with university towards attainment of knowledge and wisdom. The aim of the university is to prepare those graduates who can apply the knowledge they gained and be instrumental in redefining the standards of education. The student achievement and development is the core aspects of education provided in the university. Making students learn to achieve their goals with continuous support in the relevant areas by the institution. The priority of the university is to prepare such graduates who are well equipped with confidence, expertise and a vision to do greater good to mankind. Although institutional performance in an area distinctive to the vision and priority of the institution are many such as world class education, reaching the one in need, technical advancements, carrier guidance, creating platform for international exposure, training individuals for profession, research and experimentation in science and technology, sports activities.

The areas of institutional performance worth mentioning are the continuous efforts of the institution in field of research in science and technology related areas. There are extensive laboratories for the science and technological fields in which the faculty and researchers are continuously working on the research projects.

The college aims at creating a hatching ground for the students to develop their hobbies and achieve success in life facilitating the students with the required knowledge, experience and exposure to pursue their dreams with gainful employment. With the skills gained, the student becomes more determined and confident in facing the future.

The college offers the following conventional and professional courses for learners. They are B. A., B. Sc., B. Com., M.A. (History), M.Sc. (Microbiology, Botany, Zoology, Mathematics, and Computer Science).
